

## KODAK SCANMATE i1150 AND i1180 SCANNERS

**INTELLIGENT.  
CONNECTED.  
BUSINESS-  
FRIENDLY.**

Designed for the way you work today.

**Kodak ScanMate** i1150 and i1180 Scanners process transactions at the speed of business. Scan documents and capture information, extract data, and handle documents once. Benefit from an intuitive, icon-based color interface. Ready to connect to thin client/browser-based architecture. Take advantage of associated cost savings. And that's just the beginning.

Small, quiet, quick, and intelligently designed, they accelerate your processes with seamless technology so you can focus on your customers.

Learn more about each model inside.

## Kodak ScanMate i1150 Scanner

### Transaction Mode - Optimized

Say hello.

Scan the customer's documents, including cards, quickly and quietly.

Keep all materials organized.

Read barcodes to make applications more efficient.

Return the customer's documents.

Next!

**Ideal for...customer facing business transactions**

### Kodak ScanMate i1150 Scanner

- Transaction-friendly to let you focus on customers
- Transaction mode speeds up 60% to capture the first 10 documents in a stack faster, then returns to normal speed scanning

### ACCELERATE SCANNING

- Ultra-compact with whisper-quiet operation - perfect for desktops and offices in **Windows** and **Linux** environments
- Always ready for fast, jam-free document scanning, including cards
- Convenient card holder keeps materials organized
- Reads barcode values and delivers data to applications
- Kodak Alaris' Perfect Page technology includes more than 30 enhancement functions that improve the image quality of scanned documents

## Kodak ScanMate i1180 Scanner

### The Intelligent Imaging Engine

#### Kodak ScanMate i1180 Scanner

- On-board, advanced image processing and Web-connect ready for Cloud-based applications
- Reduced PC processing/speed requirements – no need for high-end PC
- **EMC® Captiva®** Cloud Toolkit license enables scanning from browser-based applications within virtual environments

### TO ACCELERATE BUSINESS

- Quickly send data to the right places and people, including the Cloud or Web via easy, icon-based color interface and one button Smart Touch functionality
- Instantly view number of documents scanned, paper-ready status, and apply custom text or icons via display screen
- Intelligent Document Protection “hears” potential jams or misfeeds to stop scanning and protect valuable documents
- Comes with productive **Kodak** Capture Pro Software Limited Edition and Capture Pro Trial Edition
- **TWAIN, ISIS** and **Linux** driver compatibility
- 3-year warranty

Start scanning.

Capture and send everything quickly and quietly to the Cloud.

Embedded image processing runs in the scanner, so your PC doesn't have to do all the work.

Use customized browser-based apps developed with the included software developer kit (SDK), and leverage the Web for document scanning.

**Ideal for...connectivity to Web-based business transaction applications**

## Kodak Info Input Solution

A complement to the **ScanMate** i1180 Scanner, Info Input is a thin client capture solution that can scan-enable your Line of Business (LOB) application and reduce your infrastructure support costs.

### Productivity. Assured.

Only Kodak Alaris offers essential services to ensure the optimal operation of your scanning solution at time of installation and beyond. The three year worry-free warranty puts Kodak Alaris knowledge to work for you helping your **Kodak ScanMate** i1150 and i1180 Scanners to satisfy your evolving business process needs for years to come.

## Kodak Asset Management Software

System administrators can manage and maintain select **Kodak** Scanners on their network through one easy-to-use solution. Optional **Kodak** Asset Management Software, featuring a thin client dashboard, optimizes time, budgets, resources, and efficiency. You'll know more about every scanner and be able to do more across your network.
